

Quiet Wing Reinforced Cockpit Door

-FAA CERTIFIED-

► **PRICE:** The Quiet Wing secure cockpit door system is thousands of dollars less than competitors, plus includes all of the advantages mentioned below:

► **ZERO ENGINEERING COSTS** – there are no NRE (Non-recurrent engineering) fees. All engineering is included.

► **ALL MANUALS AND INSTALLATION DRAWINGS** – competitors charge additional fees for the Aircraft Maintenance Manual, Illustrated Parts Catalog, Aircraft Flight Manual and the Weight and Balance Manual. **ALL MANUALS ARE INCLUDED IN THE PRICE**

► **INSTALLATION AND TECHNICAL ASSISTANCE:** Our installation time is less than 14 man-hours, plus Quiet Wing can provide a technical representative to train operators for the first door installation.

► **EASE OF OPERATION:** The Quiet Wing System is completely manual.
- No daily maintenance checks required.
- No life limited parts.
- No electronics.
- No security codes required.

► **UNIQUE VIEW PORT:** Allows the flight crew a view of the cabin area from their seats, while maintaining complete privacy.

► **DELIVERY:** QWC has doors available to ship now for the B737, B727 & Convair series of aircraft.

► **WARRANTY:** 1-year warranty
